

Guide to Patient Portal

Using the Patient Portal, you can view your records, enter medical information, and send messages to our office.

Logging On

1. Type the URL below into a **Mozilla Firefox** browser window. **DO NOT** type *www* or *https* in front of the URL.

Note: If you do not currently have Mozilla Firefox on your computer, you can download it for free. We do not recommend using any other browsers.

eyredermatology.ema.md

2. You should have been emailed a link to set up your username and password. If you did not receive this please contact our office.

Utilizing the Patient Portal

Using the assigned username and password, log into the portal

Patient Info

1. **Contact Info:** Patients can view all of their contact information, but cannot make any changes. If you need to make changes to this please contact our office.
2. **Insurance and Pharmacy:** Patients can view their Insurance information but cannot make any changes, please contact our office to do so. You can however, add or change your preferred pharmacy.
 - To add a pharmacy, select *Pharmacy Search*. Enter as much criteria as possible and click Search. Click the blue link to add the pharmacy.
